Socialism: Its Strength, Weakness, Problems and Future (Classic Reprint)

By Alfred Raymond Johns

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Socialism: Its Strength, Weakness, Problems and Future Every good citizen of the United States is deeply interested in the welfare of the country. The rights of the common people are as vital as the protection of infant industries. It is often said that the rich are getting richer and the poor poorer. That is only a half truth. The rich are getting richer, but so are the poor getting richer; but the rich are getting richer faster than the poor; and while the American workingman receives the highest wage of any toiler, yet he is not able to purchase the necessities of life to as good advantage as the workingman in some other countries. The relationship between capital and labor has been strained for generations. There is a Land of Eden somewhere in the realm of figures where just the correct percentage of profit goes to each side. But it is difficult to discover the land. With the strong arm of power, capital grasps much more than its share, so labor declares. With the strong...
