RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. LC Number: KF27 . E555 2004b OCLC Number: (OCoLC)56547639 Subject: Internet domain names -- Law and legislation -- United States. Excerpt: . . . onfident that they will be safe from the evils of the Internet. The kids. us Internet domain concept is a landmark one. Never before has something like this been tried in the . us space. It is an excellent idea, a sound concept. Right now, kids. us offers a fun, interesting, educational content for which NTIA and NeuStar should be applauded. The kids. us domain is currently a host for the Public Broadcasting Service--here today is a witness--ABC, the Smithsonian, the St. Nicholas Center among many, many others. We need to continue to leverage the strength of these sites to encourage other companies, nonprofits, schools and foundations to post content that can benefit Americas children. I especially want to thank Representative Shimkus, Representative Markey, and Chairman Upton for their hard work getting this law passed. If it had not been for their effort, we would not have this. That is a fact because I can remember, when they were working on this several years ago, how intensely personal it was to them in the most positive way and how they made it a priority. We should also thank Mr. Dingell and former Chairman Tauzin for their strong support as this legislation came through this committee. Their tireless work to provide children with a safe Internet playground will be appreciated for years and years to come. I especially want to thank them for doing this because I have two grandchildren and a third grandchild on the way, and, you know, I feel very confident that this is going to provide wholesome educational and...
